

PRIVACY AND DISCLAIMER

Welcome. During our sessions, you will learn ways to help yourself achieve a healthier diet and lifestyle. Please read the following. If anything is unclear, please ask.

SCHEDULING

As your Naturopathic Doctor, I understand that my clients have busy schedules and I take pride in not keeping them waiting or keeping them longer than planned. Each session will end 50 minutes after it was scheduled to begin. Please be on time. If the Client needs to cancel or reschedule the appointment, the Client must do so 24 hours in advance; otherwise, the Client will forfeit that appointment and will not have an opportunity to reschedule it.

DISCLAIMERS

The Client understands that the role of the Naturopathic Doctor is not to prescribe or assess micro- and macronutrient levels; medical or nutrition therapy services; or to diagnose, treat or cure any disease, condition or other physical or mental ailment of the human body. Rather, the Naturopathic Doctor has been trained in holistic health and wellness to help clients reach their own health goals by helping them devise and implement positive, sustainable lifestyle changes. The Client understands that a Naturopathic Doctor isn't a licensed dietician, psychologist or other licensed or registered professional, and that any advice given by the Naturopathic Doctor is not meant to take the place of advice by these professionals. If the Client is under the care of a separate health care professional or currently uses prescription medications, the Client should discuss any dietary changes or potential dietary supplements use with his or her primary doctor, and should not discontinue any prescription medications without first consulting his or her doctor.

The Client has chosen to work with the Naturopathic Doctor and understands that the information received should not be seen as medical or nursing advice and is not meant to take the place of seeing licensed health professionals.

Please consult with your doctor or wellness team if you have any questions regarding this whole foods program, and then make your own well informed decisions based upon what is best for your unique genetics, culture, conditions, and stage of life.
